

You are invited to attend the **Aerospace Education Workshop** in **Monticello** on **Thursday, July 22, 2021**. The workshop will be held at the University of Arkansas, Monticello, Science Building and will take place from 8:30 am– 3:30 pm. Attendees will earn six (6) hours of ADE-approved PD! We are also planning TOP Flights for AEMs.

The agenda includes: *(Final topics determined from survey of registrants)*

- Aerospace-themed STEM hands-on activities
- Robotics –how to explain the way robots work & why the students have to program them like they do
- CAP STEM Kits – How to get them, use them, and get more.
- Aerospace Current Events with emphasis on NASA research being conducted by Arkansas colleges and universities
- Aerospace integration into NEXTGEN Science & Common Core Standards
- sUAS (drones) safety, regulations, and how to use them as an educational tool.

COVID Pre-cautions will be in place.

This event is open to all persons with an interest to incorporate aerospace into their classrooms and programs. There is **NO COST to attend this workshop.**

Register at: ARwg.cap.gov/programs/aerospace-education
