

# ARKANSAS WING SAFETY

Electronic Safety - Summer is here and in full swing. Remember, DO NOT set automatic replies for emails when going on vacations.

<https://www.scientificamerican.com/article/how-out-of-office-replies-can-put-workers-at-risk/>

Vehicle Safety - Have a 360 view when backing out of parking spaces.

<https://www.youtube.com/watch?v=gzykBDecmxQ>

Seasonal Safety - Fireworks should be used by adults and within safety perimeters as per instructions.

<https://www.youtube.com/watch?v=gHAB-TZrPQU>

Home Safety - Check your CO2 detector. YES even in the summer.

<https://www.youtube.com/watch?v=KLc6sEDv5vg>

Personal Safety - Hydrate!!

Flying Safety - When flying in the low altitude environment what is the 1st action one should take when facing an abnormal or emergency situation...?

**CLIMB**

Also attached this month is the letter from Maj (Dr) Bryan on flying. READ this before you fly in CAP Aircraft!!
